Wayne,

Pls consider this email as your approval to proceed/continue your seabed work in relation to the desalination pipeline across Botany Bay as per section 67 of the Management of Waters and Landside Regulations.

Robin
As discussed last week, can you please supply us with the S.67 of the *Management of Waters and Waterside Lands Regulations* permission to undertake the dredging works in Botany Bay?

Regards
Wayne

Robin
Could you please call me urgently in regards to a Section 67 permission requirements for the construction of the desalination pipeline across Botany Bay.

We are planning on starting dredging operations in the Bay (at Kyeemagh) on Monday and have just been advised that we may need permission from yourself, under s67 of the *Management of Waters and Waterside Lands Regulations*, to undertake the works. Keith McCreedy informs me that at previous meetings held between the WDA and yourself that you belived that there were no approvals required. I would like to get some confirmation of this is the case or assist you in getting the s67 permission sorted out as quick as possible.

Please call me to discuss on 0447 401 646.

Regards
Wayne
